

VOH Zimbabwe: Celebrating a 25% Improvement in Exam Results

February 29th, 2024

This week, VOH Zimbabwe proudly celebrates a significant achievement: a remarkable 25% improvement in our national 2023 O-level exam results!

Despite the immense challenges caused by two years of learning disruptions, we have achieved an overall pass rate of 63%, a significant milestone.

We attribute this success to our committed educators' unwavering dedication and hard work. These extraordinary men and women have tirelessly instilled essential concepts and formulas into the minds of our students, shaping their academic growth. Their resilience and perseverance have played a crucial role in this achievement.

A select few have distinguished themselves among this exceptional group of educators and mentors this year. They have gone above and beyond to ensure the success of their students. As a sign of our deep appreciation, the director of VOH Zimbabwe had the privilege of personally acknowledging their remarkable efforts over a cup of coffee.

This recognition not only expresses our gratitude but also serves as an inspiration to others in the education community. It emphasizes the importance of acknowledging and appreciating the hard work and dedication of educators who play a vital role in shaping the future of our youth.

We are reminded of the collective power of determination and resilience as we celebrate this achievement. It is a testament to the hard work and commitment of all those involved in the education sector.
