

VOH Zimbabwe: Graduates Working Towards Self-Sufficiency

July 20, 2023

This week at VOH Zimbabwe, two young ladies completing a skills training program in hospitality and tourism at Harare Polytechnic College had the opportunity to put their theory into practice as they baked various pastries, and their siblings enjoyed the delicacies.

Lessie and Memory graduated from high school in 2022 and opted for skills training instead of further academic studies. Both girls have lived at our centre for over 12 years after being rescued from difficult circumstances. They both desire to be self-sufficient, and we are so proud of their hard work toward accomplishing this goal.

It's always a pleasure to see our VOH kids do what they love, and we wish them all the best as they continue their studies!
