

VOH Zimbabwe Update: Back to School! September 7, 2021

It was all smiles as the VOH Zimbabwe kids returned to class this week! Schools in the country were closed for four months due to increased COVID-19 cases, and It's so exciting for all of us here at the VOH Centre to see the children back in class. Although our students continued to do their school work from home, it's ultimately a good thing that school is back and that interaction with other students and teachers is possible again. We are happy to receive them back and will do all we can to ensure those writing their exams this year will be successful. It will be more of a challenge than usual, given the time they have been away but we are all committed to working with them and look forward to another year of great exam results!
