Hope For Their Future

Mission Zimbabwe

February Update

Mission Zimbabwe “Valentine” Supper

On Saturday November 11th, Mission Zimbabwe held a Valentine supper at Hope Community Church. Over 60 take-out suppers and over 100 dine-in suppers were served. Mission Zimbabwe wants to thank the local community for the excellent support that our supper received. The supper included gourmet alfredo and meat sauce pastas, a tangy green salad, garlic bread and a special Valentine dessert. Over \$3,000 was raised from the supper and these funds will go to support the children at the Village of Hope and Vimbainesu Children’s Home in Zimbabwe. Also, a love offering was held to support the Mission Zimbabwe Education Fund and over \$3600.00 was raised. These funds will go to support the education of graduates of the Village of Hope as they move forward to university and college. More than twenty volunteers served to make this supper a success. The Mission Zimbabwe Project wishes to especially thank Rebecca and Lorne Grierson who did much of the planning and preparation for the supper. Also, a big thank you is extended to Heather and Perry Wilkinson who prepared the creative and decadent valentine dessert.

Preparing the Special Valentine Dessert

The Welcoming Committee

Mission Zimbabwe 2023 Team to begin Preparation

This May, the Mission Zimbabwe Project will be sending its 15th team to Zimbabwe. During January and early February, interested people were invited to join this year’s team. Nine people have stepped forward and committed to be part of this mission experience. Team members range in age from 17 to 76 years of age! Team preparation and training will begin in early March and more information and updates will be available in the weeks ahead. Please be in prayer for the team as we begin to prepare both practically but also spiritually to serve at the Village of Hope.

VOH Zimbabwe Update: Celebrating our Graduates February 16, 2023

A woman standing outside in front of a tree, smiling at the camera.

This week at VOH Zimbabwe, we are celebrating those from our children's homes who graduated recently! They received excellent grades that will make it possible for them to carry on to University.

Nyasha, now 18 years old, came to VOH when she was only three. She completed her education at our VOH school until grade 12, then continued at a school near our centre for her A-level studies.

She did very well academically throughout her time at VOH and now plans to enrol in University.

Her desire is to study Social Work because she wants to help other children in need. We congratulate her on her success and wish her the best as she moves forward!
