

## VOH Zimbabwe Update: Meet Rudo October 8, 2020

Meet Rudo from VOH Zimbabwe. Rudo is 15 years old but is mature beyond her years. She is a positive and appreciative young lady. She is very responsible and our house mothers count on her to be a good example for the other children. Rudo doesn't have any known relatives and joining the VOH family has changed her life. As a way to express gratitude to Rudo for all she does for us at VOH Zimbabwe, we gifted her with her own phone. The new device will assist with her education during COVID-19 by helping her stay connected with her school so she doesn't miss any assignments. We are so proud of you, Rudo!
