

VOH Zimbabwe Update: Happy Birthday! July 8, 2021

This week at VOH Zimbabwe, we celebrated June birthdays! Derrick (18), Noleen (11), Malcom (15), and Melissa (17) were all born in June, and we had a big party for them. Every month, the children come together with their house moms and celebrate birthdays for the previous month. We gather and eat cake together as one big family. One of the children celebrating his birthday this month, Derrick, is particularly special to VOH Zimbabwe. When he came to our Center, he was just three years old and given only weeks to live due to malnutrition. Seeing him healthy and happy, celebrating his 18th birthday is a miracle and is worth celebrating indeed. We are very happy for them all, and we wish them all very happy birthdays!
